

FUNSTON PREPARES TO CALL FOR MORE TROOPS

REPORTS INDICATE RAIDERS ARE
WELL ORGANIZED

General States that Should Depredations of Lawless Mexicans Spread He Will Ask for More Men—Garrison Expects Ferguson to Deal With Domestic Disorders—Wilson Is Given A Comprehensive Account of Mexican Situation.

SAN ANTONIO, Tex., Aug. 12.—General Frederick Funston, commanding the southern department, is preparing to call for additional troops to quell the Mexican uprising in the Rio Grande valley. Practically all of the 20,000 troops in this department now are on border duty.

General Funston said today that should the depredations of lawless Mexicans spread beyond the four Texas counties of Cameron, Hidalgo, Willacy and Nueces, he would ask for additional troops.

Brownsville Well Protected. At Brownsville, in addition to twelve troops of cavalry, eight from the Third Regiment and four from the 12th, there are eight companies of infantry. At Laredo there is a battery of field artillery and a battalion of the Ninth Infantry.

Between El Paso and Douglas are a number of patrols having headquarters at Fort Hachita and Columbus, while at Douglas there is the Sixth Infantry brigade and a battery of the Sixth Field Artillery.

Both Naco and Nogales are well protected with artillery and cavalry with some infantry and the same is true of the border west of Yuma, where the southern department territory ends. More artillery is at Fort Sill, Okla.

Movement Well Organized. Reports from United States army officers in the field in the Rio Grande valley made to department headquarters tonight indicate a more thorough organization among the Mexican raiders than the first outbreaks suggested.

Refers Appeals to Funston. Washington, Aug. 12.—Secretary of War Garrison today made it plain that the war department expects Governor Ferguson of Texas to deal with purely domestic disorders in the state.

Secretary Garrison said that all appeals to him from associations of Texas citizens concerning the repeated bandit raids have been referred to General Funston. It was pointed out that federal troops undoubtedly would be used to follow any Mexican forces which had crossed the border and actually have invaded American territory.

Kill Three Mexicans. Brownsville, Tex., Aug. 12.—The killing today of three Mexicans near Mercedes, Hidalgo county, Texas, and the capture of twenty-two of the bandits' saddle horses in the same vicinity, led to the belief that at least one of the bands of Mexican raiders has been scattered.

Details of today's fighting were not available here tonight, federal and state officials having refused to discuss the matter further than to announce that three Mexican bandits had been killed.

Excepting the fight in Hidalgo county, the situation in Cameron, Starr and Hidalgo counties apparently was quiet today.

Texas rangers in Hidalgo county are reported to have chased eight Mexicans who reached the Mexican side of the Rio Grande and, sitting on the banks of that stream, invited the rangers to cross into Mexican territory. The Mexicans said they were the leaders for whom American officers were looking. It is believed the Mexicans are part of the band which abandoned their horses earlier in the day and took to the brush.

meetings of Mexicans at Johnson Camp, seven miles from Dragon, are to be investigated.

The eight year old son of Constable Gibson at Gleason was attacked and severely injured last night by an unidentified Mexican. Gibson has been engaged in suppressing activities of the Mexicans.

Lansing Reports to Wilson. WASHINGTON, Aug. 12.—President Wilson on his return from Cornish, N. H., today was given a comprehensive account of the Mexican situation by Secretary Lansing.

Discuss Inter-American Plan. Neither the president nor Secretary Lansing was inclined to view the situation as requiring any further precautionary measures than have been taken in sending battalions to Mexican waters and more federal troops to the Texas border. They devoted most of their time to a discussion of the Inter-American plan on which they are placing their hopes for the early restoration of peace in Mexico.

The appeal to all factions has not yet been sent, although signed by Secretary Lansing and the ambassadors and ministers of the six Central and South American governments participating in the conference. A list of chiefs, generals and governors is being compiled and as soon as the locations of all are determined the appeal will be telegraphed simultaneously to every part of Mexico.

Carranza Refuses to Treat. The announcement came from the Villa agency here tonight that General Carranza had refused flatly to permit a peace conference between his representatives and those of Villa.

Enrique C. Llorente Washington representative of General Villa gave out letters which have passed between him and Eliseo Arredondo as Carranza representative here. Mr. Llorente began the correspondence by observing in the press that Charles A. Douglas, counsel for General Carranza, had filed a brief with the state department calling attention to the presence in Washington of Luis Carrera and Eliseo Arredondo as Carranza representatives and saying that "either or both of them, I am assured, will be glad to confer with any element of the Mexican people with a view to furthering the common interest and the peace and welfare of the nation."

Mr. Llorente telegraphed General Villa and was instructed to begin a discussion of peace terms. Mr. Arredondo replied that he would refer the matter to General Carranza, whose response today came in the form of instruction to Arredondo not to enter into negotiations with the Villa agent.

The Carranza message also has opponents the Carranza message set forth that there could be no negotiations with the Villa forces because their troops on July 12 last, attacked a military convoy train, killing many innocent people.

Villa Ready to Sign Armistice. Incidentally Secretary Lansing revealed during the day that General Villa recently had informed the state department that he was willing to sign an armistice for three months or longer, during which a peace conference might be held. Mr. Llorente confirmed this information and added that General Felipe Angeles now was in conference with General Villa at Chihuahua relative to details of such an armistice. He pointed to this meeting as an evidence of harmony in the Villa ranks.

Officials of the American government hope that many generals reported to be partisans of Carranza ultimately will give their adherence to a peace conference. To offset this impression the Carranza agency here today gave out a list of generals including Obregon and Gonzalez who were reported to have telegraphed expressions of loyalty to Carranza.

Does not Alter Feeling. General Carranza's disclosure over the efforts of the Latin-American countries in conjunction with the United States does not alter the feeling of optimism among officials and diplomats who declare unwarranted the inference that any attempt is to be made to invade Mexico's sovereignty.

The reply of the minister for foreign affairs of Argentina to General

ARREST TELLER ON EMBEZZLEMENT CHARGE

PERRIN MAKES AN ALLEGED SECOND
CONFESSION THAT HE TOOK MONEY

Explains That Half of the \$20,070 Was Taken a Year Ago and the Remainder August 3, According to Cedar Rapids Bank Officials.

Cedar Rapids, Ia., Aug. 12.—Leo Perrin, paying teller of the Cedar Rapids National bank was under arrest tonight, charged with the embezzlement of \$20,070 from the institution. He was taken into custody this afternoon after he had made an alleged second confession to the effect that the money lost by the bank August 4, supposedly in a holdup, really was taken by him.

Took Half of Money Year Ago. According to bank officials he explained, however, that the money was not obtained on August 4. Half of it, they say, was taken a year ago and the remainder August 3. The supposed holdup, Perrin is quoted as saying, was staged the day following the second theft, as he feared discovery.

The second alleged confession is said to have been made in the directors room of the bank to Cashier Kent C. Farman, vice president Glen M. Averill and Detective Michael McGuire. All say Perrin had stuck to the repudiation he made last night of his first confession. It was stated he asserted that \$10,000 which the police had recovered had been loaned to him by James E. Carney of Chicago. Confronted, however, with a statement from Carney denying any such loan, he finally gave in, bank officials stated.

Is Arraigned Before Justice. He was arraigned before Justice of the peace A. E. Nugent and waived preliminary examination. Bail was set at \$5,000 and the prisoner, in custody of Detective McGuire, was allowed to hunt the city for a bondsman.

Perrin accounted for an additional \$9,000 of the money in his confession, bank officials say. He spent it, they claim, to pay a mortgage, some promissory notes, installments due on land in Minnesota, Oregon, Idaho and New Mexico and indebtedness on gold mining stock.

Late this afternoon Perrin was incarcerated in the city jail, having been unable to secure signatures to his bond.

STATES COURT MUST PASS ON ARIZONA PROHIBITION LAW

DOUGLAS, Ariz., Aug. 12.—Churches which use wines for sacramental purposes will not receive renewed supplies until suit is brought to test the state prohibition law on the point, according to Eugene S. Ives, railroad attorney. Mr. Ives in a letter to R. N. French representing the Roman Catholic church of the Immaculate Conception here, said the railroads would not accept for shipment into Arizona any beverage containing alcohol no matter for what purpose such beverage were intended until the law had been construed by proper judicial authorities.

AEROLANES BOMBARD ZAGAGIK

Paris, Aug. 12.—A despatch to the Havas News Agency from Athens says it has been learned from Mytilene that British aeroplanes bombed Zagagik, near Smyrna, yesterday, destroying the barracks, the telephone offices and eight houses. A destroyer, which followed the aeroplanes, also bombed the city, in which there were said to be a large number of victims.

CONSOLIDATE SOCIETIES.

Chicago, Aug. 12.—Consolidation of the S. Scandinavian Aid and Fellowship society and the supreme lodge of the Scandinavian Brotherhood of America was effected today at the convention of the latter body. The merger brings the total membership up to 25,000. Delegates agreed to change the name of the organization to the Scandinavian Fraternity of America. The election of officers and the selection of the meeting place for the next convention were postponed until tomorrow when the meeting will adjourn.

ORDER PREDICTS RESUMPTION OF OFFENSIVE IN WEST

London, Aug. 12.—A significant order of the day predicting a resumption by Germans of a vigorous offensive in the west has been issued by the Teutonic armies in Flanders, according to the Amsterdam Telegraaf.

Carranza issued by the Carranza agency here in which it was stated that the Latin-American countries specifically understood at the outset of their conference that there was to be no impairment of Mexico's sovereignty. The United States government whose present effort it was officially stated today is to obtain peace without resort to measures of force or interference in the internal affairs of Mexico.

Secretary Lansing said today he was not certain when the Latin-American diplomats would be called into conference again. The present plan is to wait ten days after the receipt of the appeal before considering any replies received.

ISSUES WARNING TO ALBANY CONVENTION

Barnes States Class Legislation Will Lead to Autocratic State

ATTACKS PROGRESSIVES

Urges Adoption of Amendment Prohibiting Passage of Minimum Wage or Similar Laws

WICKERSHAM OPPOSES PLAN

ALBANY N. Y., Aug. 12.—William M. Barnes, Jr., today warned the constitutional convention, now in session here that if a stop was not put to what he termed "socialistic" or class legislation, there would be established in this country an autocratic state similar to that of Germany, "denying utterly the American theory of equality."

Attacks Progressive Party. Incidentally the Republican leader compared Theodore Roosevelt to Bismarck and asserted that the Progressive party had inaugurated and was advocating the identical policy which has caused the Socialist party in Germany to become the largest group in the Reichstag.

Mr. Barnes' warning and attack upon the Progressives was continued in a speech urging the convention to adopt his amendment prohibiting the legislature from passing minimum wage old age pensions or similar laws.

In advocating legislation to care for the working man, Mr. Barnes said that Bismarck told the Reichstag such laws would check socialism. He then quoted Roosevelt's words in advocating the 1912 platform of the Progressive party as "a check to Socialism and an antidote to anarchy." Commenting on the two predictions, Mr. Barnes said:

"The enactment of state socialistic legislation is not a check to Socialism, but prepares the mind for it. Two distinctly antagonistic ideals never can grow side by side within a state. The principals of equality must suffocate in the atmosphere of legislation for privilege."

Socialist Idea a Vision. Declaring the Socialist idea to be chimerical and only a vision Mr. Barnes continued:

"The certain destination involved in this kind of legislation will not be the attainment of the Socialistic ideal but the tyrannous autocratic state, not Democratic in a single form but established in the name of Democracy."

"The benevolent state inevitably breeds not men and women but dependents. The oppression of crowd-thought, crowd-interest, crowd-demand for mediocrity might even lead the human race back to the protoplasm whence it emerged."

George W. Wickersham, majority leader of the convention and former United States Attorney General, Jacob Gould Schurman, president of Cornell university and Robert F. Wagner, Democratic leader of the Senate, opposed the proposal.

PRINTERS FORMALLY SELECT BALTIMORE FOR 1916 MEETING

LOS ANGELES, Cal., Aug. 12.—Baltimore was formally selected today as the convention city of the International Typographical Union in 1916.

Two important propositions were discussed during the day both meeting with unsuccessful opposition, from the anti-administration delegates. The first, imposing the regulation of priority in employing and discharging men, was ordered submitted to a referendum. The other, providing for a six day week, was adopted after a lengthy debate by a vote of 150 to 70. Both propositions were put forward by the administration.

BEGIN INFORMAL NEGOTIATIONS.

Washington, Aug. 12.—Informal negotiations were begun today by the foreign trade advisers of the state department to ascertain whether Germany will agree to the terms on which Great Britain has consented to permit exportation to the United States of 50,000 bags of German beet seed.

TOW SCHOONER TO PORT.

Boston, Aug. 12.—The schooner Franconia of Harrington, Maine, with a twenty foot hole in her side, was towed into port today by the steamer Onondaga, which ran her down off Chatham last night during a thick fog. No one was injured.

WILL HAVE BUMPER APPLE CROP.

Des Moines, Ia., Aug. 12.—State Horticulturist Green said today the 1915 crop of apples will be a bumper one, four times as large as last year. The plum and grape crops also will be large.

BEGINS PRELIMINARY WORK ON DEFENSE PLAN

WILSON CONFERS WITH DANIELS ON
NAVY IMPROVEMENT PROPOSALS

Arrangements are Made for an Early Conference with Secretary Garrison Regarding the Army—To Present Plan to Congress in December.

Washington, Aug. 12.—Preliminary work on his plans for strengthening the national defenses was begun by President Wilson immediately after his return today from Cornish, N. H. Secretary Daniels gave the president the general outline of proposals for improving the navy and arrangements were made for an early conference with Secretary Garrison regarding the army.

It was said at the White House that the president would take steps as soon as possible for procuring the material necessary to present a complete and comprehensive plan to congress in December.

To Meet Committee Heads. He already has decided that the defenses of the nation should be strengthened and will determine upon details after conferences with the heads of the war and navy departments and the chairmen of the military and naval affairs committees of the Senate and House. Then he will take up the question of providing the money necessary for the increased expenses.

Mr. Wilson is anxious to determine upon a program which will meet the approval of not only the members of his cabinet but of congress and he hopes that politics will have no part in the consideration of the subject.

Secretary Daniels had not completed today the formal report prepared by the general board and advisory council of the navy department for which the president called just before leaving for Cornish. He will be at the White House again Monday for further discussion of the subject and will put the finishing touches to his formal report after that meeting.

To Increase Number of Submarines. While Mr. Daniels would not discuss what he had told the president about the needs of the navy he indicated that the building program would include a striking increase in submarines. He would not confirm reports that he would recommend the building of four battleships.

Secretary Garrison has his report on the army well advanced. A special board of officers has been studying the situation from all angles for several months and Major General Goethals has prepared a special report on the defenses of the Panama Canal.

The president devoted much time to the study of national defenses while at Cornish and was in communication frequently with Secretaries Daniels and Garrison.

POSTPONE A SING OF EASTLAND UNTIL EARLY THIS MORNING

CHICAGO, Aug. 12.—After preparations had been made to pump out the steamship Eastland, in the capsizing of which 1,000 people lost their lives, the work was postponed tonight until early tomorrow morning. The boat was raised about two feet at the forward end today.

To prevent bodies which might have been caught under the boat from floating away a net was placed across the Chicago river. During the operations today one body was recovered and identified as that of Martin Paulowski.

BODY IS WASHED ASHORE.

San Diego, Cal., Aug. 12.—Washed ashore by the surf, the body of Mrs. Carrie E. Jenks was found on Coronado Beach today. The woman is said to have come to San Diego about ten months ago, presumably from Chicago.

An autopsy is to be performed late today to determine if possible whether Mrs. Jenks was dead when her body struck the water.

DETAIN OIL STEAMER.

Washington, Aug. 12.—Notice of the detention by the British authorities of the Standard Oil steamship Petrolite was received at the state department today from the American embassy in London. It is assumed here that the Petrolite was seized because she was changed from German to American registry after the outbreak of the war.

SHOOT WOMAN AND SELF.

Los Angeles, Cal., Aug. 12.—R. C. Cunningham, a city fireman, entered a crowded cafeteria in the downtown district at noon, shot Miss Flora Sanders, twice and then fired three bullets into his own body. Miss Sanders, who was an employee of the cafeteria, was said to have been fatally wounded.

ARMY AEROPLANE FALLS; CAPTAIN KNOX DIES

Fort Sill, Okla., Aug. 12.—Lieutenant R. B. Sutton, injured in a fall from an aeroplane on the Fort Sill reservation today, in which Captain George H. Knox, pilot of the machine was killed, still was alive tonight.

The body of Captain Knox will be sent tomorrow to New York City for burial.

MINIMIZES DANGER FROM CATTLE DISEASE

HEAD OF CHICAGO STOCK YARDS
ISSUES STATEMENT

Leonard Acts to Forestall Shipment of Immature Livestock and to Reassure Bankers—Possibility of Spread is Confined to a Narrow Field.

Chicago, Aug. 12.—To forestall the shipment of immature livestock to stock yards and to reassure bankers, President Arthur G. Leonard of the Chicago Union Stock Yards company, tonight issued a statement in which he minimized the danger from the reappearance of the "foot and mouth" disease. The statement follows:

Have Control of Situation. "Livestock producers, country bankers and the public generally, may be reassured concerning the new cases of foot and mouth disease discovered this week at several points in Illinois and one case in Minnesota, from the fact definitely ascertained by the United States and state authorities that this outbreak is due entirely to the distribution of a certain lot of anti hog cholera serum; that the authorities have a complete record showing each individual farm where this serum has been applied and every party to whom any of it has been consigned and that the possibility of its spread is confined to a narrow field; that the United States bureau of animal industry and the Illinois state board of live stock commissioners have absolute control of the situation already; that all animals thus far infected and exposed have been slaughtered and buried and all suspected counties quarantined; that this outbreak necessarily will be limited in extent and of a short duration."

Should Keep Immature Stock. "All parties having growing or feeding stock should keep it until ready for market. There is great abundance of feed for winter and a scarcity of animals to consume it."

"It would be folly to ship immature stock now. Ample provision has been made by both the United States and the various state legislatures for full and prompt compensation to all owners whose stock shall be slaughtered account of foot and mouth disease."

"The hearty co-operation of the people in the country is enabling the officials to cope with it successfully."

FREIGHT CRASHES INTO K. OF P. SPECIAL; SIX PERSONS ARE KILLED

More Than a Score of Persons Are Injured, Some So Seriously That They May Not Recover.

Columbus, O., Aug. 12.—Six lives was the total taken in a wreck early today when a heavy freight train on the Baltimore and Ohio Southwestern railroad crashed into a special train carrying members of the Knights of Pythias lodge of Mount Sterling, Ohio, returning from an outing at Cedar Point. More than a score were injured, some so seriously that they may not recover.

The accident occurred at Orient, fourteen miles south of Columbus, during a torrential rainstorm. The passenger train had stopped to take on water when the freight train struck it, smashing the crowded rear coach into small fragments.

Relief parties extricated many of the injured. Four members of the excursion party were killed outright. Two others died in hospitals after being brought to this city on a special train.

AGREE ON REPORT.

Chicago, Aug. 12.—The federal commission on industrial relations, which is in session here to review the evidence obtained during two years of investigation today agreed on a report on vocational training and on certain phases of the causes of industrial unrest. No details of the report were made public.

ANNOUNCE PRIZE AWARDS.

San Francisco, Aug. 12.—Prize awards in the drill team competition at the twenty-fifth anniversary of the Woodmen of the World at the Panama-Pacific exposition, were announced today. Denver camp number 1 was awarded first prize of \$1,000; Portland, Ore., camp No. 107 was given second prize of \$500 and Multnomah Camp No. 77 of Portland, Ore. was awarded third prize of \$250.

WEATHER FORECAST AND TEMPERATURES.

WASHINGTON, Aug. 12.—Illinois—Partly cloudy Friday, probably showers at night or on Saturday; not much change in temperature.

Temperatures. The current, maximum and minimum temperatures recorded Thursday were:

Jacksonville	68	81	55
Boston	70	86	66
Buffalo	74	76	48
New Orleans	86	90	74
Chicago	69	71	64
Detroit	74	82	64

St. Paul	78	82	60
Helena	78	86	64
San Francisco	62	66	54
Winnipeg	84	90	60

ATTEMPT TO BRING BALKANS INTO WAR

Diplomats of Belligerents Concentrate Their Attention On Sofia

BULGARIA HOLDS KEY

Ministers Are Said to Be Finding Their Endeavors Hindered By Their Friends

RUSS CONTINUE RETIREMENT

LONDON, Aug. 12.—Public interest is being turned to the Near East, where the diplomats of the Quadruple Entente powers are endeavoring to bring all the Balkan states over to their side and to the armies of the allies battling against the Turks on the Gallipoli peninsula and in the Caucasus.

Concentrate Attention On Sofia. The diplomats of all the belligerents for the moment are concentrating their attention on Sofia, for Bulgaria holds the key to the situation. It is said she is being smiled upon and offered territorial concessions as an inducement for her to join one side or the other or to remain neutral. Both the German and entente ministers are said to be finding their endeavors hindered by their friends. Greece and Serbia are unwilling to concede to Bulgaria the parts of Macedonia which are her price for joining the allies, while Turkey is opposing concessions which Austria and Germany desire her to make to insure the continued neutrality of the Sofia government.

Bulgaria, too, it is asserted, is weighing the victory the Austro-Germans have gained in Poland against the renewed efforts of the allies in the Dardanelles and the reported signal victory which the Russians are said to have won over the Turks in the Caucasus and which the military experts here believe will keep the Turks quiet on that frontier for some time.

Sink Turk Gunboat.

The British admiralty reports on the operations of a British submarine in the Sea of Marmora, one of the fleet which is interfering with Turkish communications by sea. This underwater boat which recently sank the Turkish battleship Kleyr-Ed-Din Barbarossa, also has sent to the bottom the Turkish torpedo gunboat Berk-I-Satvet and an empty transport.

Nothing was said in the admiralty communication of the former German cruisers Breslau and Goeben, now owned by the Turks, both of which are unofficially reported to have been sunk.

Russ Continue to Retire.

The Russians continue their retirement in Poland but all the while they are retarding the German advance which is now regaining momentum by repeated counter attacks and stubborn resistance wherever the conditions are favorable.

There is still considerable distance between the German armies to the southeast and northeast of Warsaw, so that seemingly the Russians will be able to make good their retreat, only, however, to be called upon to oppose a German attempt to outflank them at Kovno and further north.

Believe Goal is Petrograd.

The strength of the German offensive in the latter region has led to the assumption by some of the military observers here that the Germans now are aiming at Petrograd. It is pointed out, however, that there is a great stretch of marshy country between the present battlefields and the capital which, it is asserted, would make the advance a dangerous one.

Besides, the Germans would first have to capture Vilna, Dvinsk and Tliga, all of which the Russians are defending with strong forces.

Issue Conflicting Claims.

The Germans claim the capture of a group of French fortifications in the Argonne forest in France, whereas the French say all the German attacks were repulsed.

The public here is prepared to hear of something of greater importance than the sinking of the British auxiliary cruiser India, which was announced tonight by the admiralty, as steamers arriving from Holland reported having heard again today heavy firing to the north.

RELEASE NOT ON PAROLE.

Des Moines, Ia., Aug. 12.—Henry Nott, former marshal of Gravitv, Iowa, serving sentence for manslaughter, today was released from the penitentiary on parole. Nott, who is 71 years old, was convicted after he had beaten an man to death while trying to make an arrest.

TORPEDO TURK GUNBOAT.

London, Aug. 12.—The Turkish gunboat Berk-I-Satvet and an empty transport have been torpedoed in the Dardanelles by a British submarine, it was announced tonight.

THE STORY

This story is from the pen of Augusta Evans Wilson and tells the story of Dr. Hartwell, who marries unhappily, loses his wife and becomes embittered with the world. Beulah is an orphan who comes into Hartwell's life. The story deals with unhappiness, and becomes embittered with it to make a good love story. Finally a plague comes to the city in which Beulah lives. Dr. Hartwell returns from abroad and they work side by side. Their hands are joined by a friend of Beulah's who loves Dr. Hartwell. They are married and everything ends happily.

If you are at all superstitious don't "start" anything today for it's Friday the 13th.

Mr. Edison has devised a factory whistle that can be heard twenty miles. It will not be greatly needed, however, so long as the Underwood tariff is in operation.

One twelfth of all of our population it seems is afflicted with goitre. A still greater percent has tuberculosis and further figuring will show that real healthy citizens are decidedly in the minority.

In Mason City Iowa, they have a new city official who draws down \$70 a month. He is the beer censor and it is his duty to find out just how much each citizen who ships in a supply is getting. The purpose is to get a line on those people who order beer not for their own use but for bootlegging purposes. If the duties of the position included sampling each shipment there would be plenty of Mason City's citizens ready to serve without pay.

It's an old theme but too much can not be said about it. Morgan County roads now are in fair condition but in some districts more dragging is needed. This work should receive still more attention especially since the new state law makes it obligatory to spend a certain portion of the road taxes for dragging. And don't forget how much oiling will do for the country roads. There are some fine examples on roads adjacent to Jacksonville.

In some cities they have up the question of licensing chauntauques. This arises no doubt because the is of the other kind, a local affair. Luckily the Jacksonville Chauntauqua is of the other kind a local affair, designed not to take money from the people but rather to see how much can be given for the admission charged. The chauntauqua is a great educational and entertainment force and the men and women who are devoting their time and thought freely in arranging for it are engaged in a work helpful to the whole community.

One of the doctors who drove out to the picnic yesterday observed that during his forty years residence in Illinois he had never seen crop condition better and he pointed to a field of corn which gives promise of a 50 bushels to the acre average. The remark is true and while there has been a lot of discouraging weather which in turn caused much extra work the year will total up a prosperous one for the farmers. The fact that only about half of the wheat crop has been threshed makes money scarce but a little time will adjust this trouble. The hay crop is the best in years and corn gives every indication of a record return.

Good local crops mean satisfactory business conditions with the merchants and the farmers and within a few weeks now when farmers have had the full pay for their arduous work of the past few months there will be plenty of money in circulation and everyone can get his just share.

DR. CRILE'S WORD PICTURE OF THE WAR.

At the close of his address yesterday at the annual gathering of the Morgan and Cass County Medical societies Dr. George W. Crile who but recently returned from three months work at the American Ambulance hospital in Paris told in vivid terms how the war is breaking down civilization. He impressed his auditors anew with the terror of the present conflict and pointed out that the losses which have been sustained place upon the citizens of this country a greater burden in sustaining and advancing civilization. He said: "No one can have an accurate conception of the awfulness of the European war unless he sees it at first hand as I did when at the American ambulance hospital at Paris for several months. We are wont to believe that civilization cannot be destroyed yet when I was in the hospital and on the battle line I felt as if I had looked into a crater where civilization was being destroyed. I had one night occasion to visit a building to keep an appointment. The city was dark because of the fear of Zeppelins. I went into the building and passed from floor to floor and found it empty. Then I went to another great building and found the Pasteur institute where ordinarily 90 to 100 men would have been at work and found it empty. The same is true at the universities of all the countries at war and the great cradles of learning are in wreckage and some of the best brains of Europe are being used to fertilize the soil.

"One cannot understand the temper of the people unless he has seen them. If one offers sympathy because of the loss of friends or family the only answer is 'I am sorry that I have not more to give.' There are no tears—the people are beyond tears. This is markedly true in Belgium. People seem to have no care or thought for money for name or reputation and you find there men stripped to the ugly brute level. I was one day at the front where I could see the war actually in progress with soldiers struggling in the mud and rain under the most unsanitary conditions. There are trenches not more than 150 feet apart for at least 250 miles and at each three feet of trench a soldier is stationed. On the strip between the opposing lines known as 'no man's land' the wounded sometimes fall or slip and because of the fire from the enemy it is impossible to remove them. Wounded men have lain on this strip for six days before removal and all the aid that comrades could give would be to toss them food. I have seen men willingly do tasks and duties which in normal times they could not be hired to perform. And then I have marveled at the thought that war is man's normal state. With Europe so all aflame it is indeed depressing. And as we think of how civilization is going, we are impressed the more with the duties that we will have to perform. We have looked to Europe for advances along certain lines, but now we must remember that the war has destroyed ten million men, including much of the flower of the countries engaging in the conflict."

cause of the loss of friends or family the only answer is 'I am sorry that I have not more to give.' There are no tears—the people are beyond tears. This is markedly true in Belgium. People seem to have no care or thought for money for name or reputation and you find there men stripped to the ugly brute level. I was one day at the front where I could see the war actually in progress with soldiers struggling in the mud and rain under the most unsanitary conditions. There are trenches not more than 150 feet apart for at least 250 miles and at each three feet of trench a soldier is stationed. On the strip between the opposing lines known as 'no man's land' the wounded sometimes fall or slip and because of the fire from the enemy it is impossible to remove them. Wounded men have lain on this strip for six days before removal and all the aid that comrades could give would be to toss them food. I have seen men willingly do tasks and duties which in normal times they could not be hired to perform. And then I have marveled at the thought that war is man's normal state. With Europe so all aflame it is indeed depressing. And as we think of how civilization is going, we are impressed the more with the duties that we will have to perform. We have looked to Europe for advances along certain lines, but now we must remember that the war has destroyed ten million men, including much of the flower of the countries engaging in the conflict."

MARTIN FAMILY GATHER FOR ELEVENTH ANNUAL REUNION

James Henry Martin, 93 Years Old, Comes From Los Angeles, Cal. to Attend—Charles W. Martin, New President.

Early days of the Nineteenth century when children of Henry and Drusilla Moffett Martin left the ancestral home in Kentucky and made their way to Morgan county under the guidance of William Stevens, an elder half-brother, were recalled Thursday afternoon when members of the Martin family gathered at Nichols park in eleventh annual session. Henry Martin was a brave soldier in his day, having helped withstand the British at the crucial battle of Lake Champlain in the war of 1812.

Dinner was served the company at noon and a lighter evening lunch was enjoyed before leaving the park. Plans were outlined for the 1916 reunion and committees were appointed to plan for next year.

Two children of the elder Martin survive and one of these, James Henry Martin, of Los Angeles, Cal., was present at the reunion. Mr. Martin is 93 years old and has made the trip to and from the Pacific coast thirty-four times. Mrs. Carolyn Catherine Anderson is ill at her home in New Holland, Ill., and could not maintain her record for attendance. Officers elected at the business meeting were:

President—Charles W. Martin.
First Vice-President—Charles H. Martin.
Second Vice-President—James H. Martin.
Third Vice-President—George W. Thompson.
Recording Secretary—Mrs. William Davies.
Corresponding Secretary—Mrs. J. Edgar Martin.
Treasurer—Mrs. Frank L. Green.
An Ably Program.

A piano solo by Miss May Martin opened the afternoon program and all were well pleased with the performer's talent. The remaining numbers:

President's Address—Charles W. Martin.
Piano Solo—Mrs. J. Edgar Martin.
Family History—Lloyd E. Pitner.
Duet—Mr. and Mrs. Maurice Thompson.
Talk—William Logan, Oklahoma City, Okla.
Address—George Eggar, of St. Louis.

Among guests from away were Mr. and Mrs. Albert Whitehead, St. Louis; Col. Cole Saunders, wife and daughter, Yuma, Ariz.; Mr. and Mrs. George Eggar and son, Harold, St. Louis; William Logan, Oklahoma City, Okla.; Mr. and Mrs. James H. Martin, Los Angeles, Cal.

PLAN TO OIL ROADWAY LEADING TO NICHOLS PARK

Betterment Is Much Needed For Chauntauqua Travel—Contributions are Asked For to Make Work Possible.

Definite plans have been made for the oiling of the road to Nichols park from the Chicago & Alton tracks to Hardin avenue and then north to Morton avenue. The repairs being made on the car line on the Indiana road have made that road in bad condition for automobile and vehicle travel. Practically all of the traffic of this character will have to go to the park by Hardin avenue during the chauntauqua. It is the intention to take out all the crossings and level the road and place it in good condition for the oiling.

It will cost \$200 to oil a mile stretch twelve feet wide, \$300 for a width of eighteen feet and \$400 for a width of twenty feet. This money must be raised by popular subscription. It should be of vital interest to every automobile owner and vehicle driver in the city to have this work done. In fact every public spirited citizen should willingly contribute to the work.

There is but little time in which to do the work. Any citizen interested may mail his check to Mayor H. J. Rodgers or Carl H. Weber, secretary of the Chamber of Commerce or call them over the phone. Don't forget that this money must be contributed if the work is done and everyone should do his or her share.

BAPTIST BURGEOO AND FISH FRY

BUSY BEES OF MURRAYVILLE ENTERTAIN BIG CROWD.

Program of Speaking and Athletic Events, Along with Good Things to Eat Make Day's Events Interesting—List of Prize Winners.

Clear sky and splendid roads with the assurance of plenty of entertainment and good things to eat brought together a large crowd at the annual burgeoo and fish fry of the "Busy Bees" of the Baptist church of Murrayville Thursday. 250 gallons of soup was made by Bert Myers and all know his reputation as a soup maker. 400 pounds of fish were used fried by the capable hands of Thomas Phillip of Roodhouse. A large number of waiters and waitresses ably looked after the wants of the visitors. There was ample entertainment speaking, contests of various kinds, athletic events and a ball game between the Murrayville Ramblers and the Jacksonville Eagles which resulted in a victory for the Eagles by a score of 4 to 2. The game was hotly contested throughout and the Eagles in a measure wiped out their defeat which they suffered at the hands of the Ramblers on two former occasions. Music for the entire day was furnished by the Lynnville band.

The Program.
In the morning there was an address by Reverend R. R. March and in the afternoon the following program was carried out:
Reading—Cora Miskell.
Piano solo—Nellie Smith of Manchester.

Address—Rev. A. P. Gregory of White Hall.
Song—by Short Quartet.
Ball game 2:30.
Reading—Melinda McCarty.
Coronet solo—Fred Herring.
Reading—Mrs. Ludelle Seymour.
Solo "When Its Night time in Dixie"—Short quartet.

Winners of Prizes.
Prettiest girl under 18 months—Isabelle Jane Ballow of White Hall.
Prettiest boy under 18 months—Andrew Suiter.
Prettiest girl under 10 years—Edna Garvin.
Prettiest girl between 12 and 16 years of age—Dora Smock.
Oldest married couple on grounds—Mr. and Mrs. James Osborne.
Best Nail Driver—Mrs. Elvin Hull.
Man with largest family—Mr. Phurston. Ten children.
Best home made bread—Mrs. Frank Lawson.

Gest White Cake—Mrs. Arthur Seymour.
Auto coming farthest—Edwin Gordon (25 miles).
Best lady driver—Jane Wright.
Best Single Turnout—Samuel Henry Jr.
Prettiest decorated pony—Ben Wright.
Best double team—Vetress Blimling.
Most Comical Turnout—Kenneth Pennell.

50 yard dash, girls under 12 years—Lucile Short.
50 yard dash, boys under 12 years—Frank Jones.
Young men's race—Mr. Downs, Scottville.

Committees in Charge.
The following were the committees in charge:
Chairman of all committees—Rev. R. R. March.
Bazaar—Mrs. I. R. March, Mrs. Thomas Henry.
Soup—Mr. and Mrs. Monroe Jennings.
Dinner—Mrs. Jepheth Whitlock, Mrs. Thomas Wilson.
Hookster—Charles Sullivan, Basil Kitter.
Ice cream—Mrs. Claud Sandard.
Athletics—Grover Whitlock.
Horse show and attractions in pagoda—Rev. R. R. March.
Judges in horse show—Grover Whitlock, J. K. Cunningham.

ITALIAN CONSULS

LEAVE TURKEY
Paris, Aug. 12.—A despatch to The Temps from Geneva says that the Neues Wiener Journal, (a newspaper published in the Austrian capital), announces that Italian consuls have left Turkish territory and that Italian interests have been confided to American officials.

AGREE TO DEMANDS.
Bridgeport, Conn., Aug. 12.—The Locomobile Co. of America has agreed to its machinists' demands for an eight hour work day and other minor concessions, thereby avoiding a strike. This announcement was greeted with cheers tonight at a mass meeting of 1,500 machinists employed at the plant.

CANCEL GRAIN CONTRACTS.
Chicago, Aug. 12.—After the close of the board of trade today, representatives of the allies cancelled grain contracts aggregating two million bushels of wheat for September shipment. The cause of the cancellation remains a mystery.

WITHHOLD RECOGNITION.
Washington, Aug. 12.—Recognition by the United States of the government in Haiti to be set up by President Dardignien, elected today by the national assembly, will not be considered until the new executive has demonstrated his ability to guarantee the maintenance of peace, the security of life and property and adjustment of outstanding foreign indebtedness. In the meantime the American naval forces under Rear Admiral Caperton will remain in control of the situation on the island.

SILOS

Free Money for Silos

Editorial Jacksonville Journal, July 24, 1915.

"A Minnesota bank has just given material evidence of faith in the silo as an influence for the material up-building of farms by offering to lend a total sum of \$15,000 without interest for a certain period to farmers who will use the money in the erection of silos. There are certain conditions of course for the protection of the bank, but the further announcement is made that double the sum mentioned will be appropriated if farmers show the proper interest. The bankers feel that in lending this money without interest for a year or more that they are in a measure casting bread on the water, but feel very sure that it will make them a return later on by the contribution to the established prosperity of the county thus made."

The Farmers State Bank and Trust Co.
The Bank With the Farm Spirit.

SILOS

Our Advertisement in Courier and Journal March, 1915

"Said a well known silo dealer a few days ago to our Cashier, 'Farmers who contemplate purchasing silos this year ought to get ready now. If any of your farmer customers buys a silo of men and gives me his note therefor, will you cash the note?'"

"Our Cashier replied, 'No, we will not cash the note. We will do better than that. If any of our farmers wants to buy a silo and has not the ready money to pay for it, we will lend him the money at attractive rates.'"

"Our President overheard the conversation and added, 'We will go farther than that. If ANY farmer around here who is making good wants to buy a silo and has not the ready cash to pay for it, we will lend him the money at attractive rates—we could do the same thing to help him buy cows—for we are in position to lend farmers for the legitimate expansion of their business.'"

PHYSICIANS PAID HONORS TO DR. CRILE

FAMOUS CLEVELAND PHYSICIAN
HEARD IN ADDRESS AT TWO
COUNTY PICNICS.

Speaker Declared Eight Millions of U. S. Citizens Have Goiters—Lack of Iodine in System Given as Cause of Disease—Treatment Outlined Briefly—Personal Picture of the Great War in Europe.

Possibly all physicians knew that 8,000,000 people in the United States have goiters, but to most people this statement made yesterday by Dr. George W. Crile at the picnic given at the country home of Dr. and Mrs. Carl E. Black, came as a surprise. Dr. Crile said that in some parts of this country the disease is so prevalent that it might properly be termed endemic.

It was a great day for the picnic, and the book of registration showed 300 names and the list by no means represented the total attendance. The picnic is an annual event given under the auspices of the Cass County Medical society and the Morgan County Medical society, but this year greater interest than heretofore attached to the occasion because of the announcement that Dr. Crile, of Cleveland, O., would be present and make an address.

The day could not have been more beautiful and the grove at the Black farm is an ideal spot for such an occasion. The sentiment of all those who attended was expressed just before the close of the formal session held in the afternoon when on motion of Dr. Kreider, a vote of thanks was extended to Dr. and Mrs. Black for their delightful hospitality and to Dr. Crile who had honored the physicians by his presence and instructed them by his address.

Dr. Crile was accompanied by Mrs. Crile and they came from Cleveland for no other purpose than to attend this picnic. They arrived over the Wabash Thursday morning and were taken to the farm by Dr. Black. In the evening they drove to the nearest station on the B. & O. and took the train for Cleveland.

Dr. Crile Widely Known.

The announcement that Dr. Crile would be present was sufficient to attract the attention of physicians resident in counties many miles away. Some of them had attended Dr. Crile's clinics in Cleveland. All were familiar with his writings and they did not wish to pass by the opportunity of coming into personal touch with a man who it is said deserves the name he has won of having made a large contribution to medicine as a man living. It is noteworthy, too, that his work has been in both medicine and surgery, and while his name has not been upon so many lips for so long a time as is true of other eminent physicians, yet in latter years he has been given recognition and no one questions how great has been his work and how much he is still doing.

After the address yesterday afternoon a number of physicians took part in the discussion and then Dr. Crile was called upon again and in a very few words told something of his first-hand impressions of the great war in Europe. He has but recently returned from France where he was for a period of three months with a staff of physicians from this country located at the American ambulance hospital. The speaker did not go at all into the details of his work there, but in a very few sentences he impressed upon his audience the awfulness of the present conflict which has already cost the lives of 10,000,000 men. He summed it up in a sentence by saying that no man could view the conflict near at hand without there being a great feeling of depression, and that he himself had felt as if he had looked into a crater where civilization—the accomplishment of centuries—was being wrecked.

Goiter Theme of Discussion.

The morning hours were given over to social pleasures and at noon a picnic luncheon for which generous preparations had been made was enjoyed. Then all assembled for a group picture and then at 2 o'clock in a tent which had been erected at a beautiful spot among the trees, the formal program took place. It is termed a formal program but the word is somewhat misused for the formality consisted only in the fact that the members of the company were in chairs so arranged that all could come within hearing distance of the speaker. Dr. H. L. Day, of Virginia, is president of the Cass County Medical society and Dr. George Stacy, of the Morgan County Medical society, and to the latter fell the honor of presiding during the afternoon. He introduced in a very few words Dr. Crile.

The speaker said in part: "Never before have I held a meeting with physicians under such pleasant circumstances, and I am sure no more delightful place than this could have been chosen, here where we enjoy the hospitality of Dr. and Mrs. Black's country home with its revered traditions. The goiter question, on which I have been asked to speak this afternoon, is a subject of vast importance because its prevalence is not limited to man and it affects the lower animals as well. When I say that there are 8,000,000 people in the United States afflicted with goiter, the figures prove the deep significance of the subject. The disease is so prevalent in some portions of the country that it can be termed almost endemic. In the mountainous region the disease is common while its occurrences are rare in portions of the country adjoining the seashore. In many cases of goiter it is true that the persons seem to move along without special injury, but to others it is a loss of health and strength and mentality. This condition

(Continued from Page 4.)

MISS GENO LEWIS OF CHAPIN
TO WED REV. C. E. KELTNER

Daughter of Mr. and Mrs. G. Lewis to Marry in September—Will Reside in Eureka.

Announcement has been made of the approaching marriage of Miss Geno Lewis of Chapin and Rev. C. E. Keltner of Forest, Ill., pastor of the Methodist Episcopal church of that place.

Miss Lewis for the last five years has been one of the teachers near Eureka. She is the daughter of Mr. and Mrs. G. Lewis of Chapin, and the family expects to move shortly to Normal.

The wedding will take place September first and the young people will make their home in Eureka.

SERIOUSLY INJURED.

Wm. Krusa son of Henry Krusa, south of Naples, drove up to a threshing machine Monday and threw out the lines, when his team became frightened and ran away, throwing him out. He got up and ran after them and got into the wagon and tried to quiet the team when the wagon tongue dropped down and the wagon turned over throwing him about fifteen feet. He fell on his face and was cut under each eye and on the forehead.

SOCIAL EVENTS

Kewpie Klan Meets.

The Kewpie Klan were entertained last night by Misses Edith Taylor and Irene Park at their home at 357 West North street. The regular business session of the club was held followed by a social hour and the serving of refreshments.

Annual Picnic at Park.

The Gallaudet Club held their annual picnic at Nichols park Thursday. There was a large attendance of members, an organization of the deaf men of Jacksonville and vicinity. Refreshments were taken along and a pleasant time spent.

Giving House Party.

Miss Helen Leach is giving a week-end house party for a few friends at her home west of the city. Miss Faye Ranson is guest of honor and Misses Ruth Graves and Alma Gibbs are at the Leach home also.

Charming Event for Miss Edith Hitchens.

Mrs. Edward Lister and Miss Anabel Crum gave a linen and china shower for Miss Edith Hitchens Thursday afternoon at the home of Miss Crum. A large concourse of friends were present and the hours from two until five were spent most pleasantly. Miss Grace Myers and Miss Lora Petefish were prize winners in the games and contests.

Miss Eulah Baker appeared in two solos and Miss Sue Fox pleased the company with two readings. At the luncheon, pink and white predominated. In the center of the table was a small bridal arch and with it a miniature bride and groom. A large, white wedding bell hung above and from it were led streamers of pink and white ribbon to each of the table's four corners.

Among guests from away were Mrs. Florence Kirker, Mrs. Kate Stultz and Miss Ella McClelland, Moweaqua; Miss Louise Angier, Virginia; Mrs. Frank Hitchens, Ringwood, Ill.; Mrs. C. C. Butler, Vandalla, Mo.; Miss Eulah Baker, Macomb; Miss Sue Fox and Miss Pearl Jewsbury, Jacksonville.

Celebrates Birthday.

Little Miss Rhelma Endsley celebrated her 6th birthday yesterday at her home, 207 East College avenue. Games and music furnished amusement and during the afternoon refreshments were served. There were six of the little girl's friends there and she received from them many nice gifts. She also had a large birthday cake with six candles on it.

ENGLAND'S BATH TUB MURDERER
WILL BE HANGED TOMORROW

Modern Bluebeard Must Pay Penalty
 For Death of His Three Wives.
 He Received \$14,000 For His Crimes.

London, Aug. 12.—George Joseph Smith, the famous murderer, known as the Modern Bluebeard, must hang tomorrow at Maidstone prison. Smith was tried in June and convicted of the murder of three wives, each of whom was found nude and drowned in their baths. The motive for his crimes was shown to be money, and it was claimed he had received \$14,000 in this manner. The circumstances of each crime were almost identical.

The three victims of Smith were: Beatrice Mundy, whom he married in July, 1912; Alice Burnham, to whom he was married in November, 1913; and Margaret Lofly, who married Smith under the name of John Lloyd in November, 1914.

The trial at Old Bailey began in June, and Smith was convicted on July 1. He was sentenced on July 31 to be hanged tomorrow. The trial was one of the most spectacular of recent years. Smith rose in a crowded court room and shrieked: "Not guilty, not guilty! It's all a lie!" Smith is 43 years old, a tall, thin man, with shifting eyes.

The evidence introduced showed that Smith had an uncanny influence over women. He charmed them wherever he went. They deserted homes, gave him everything they possessed and made wills in his favor. It was claimed by the prosecution that he had had six wives, including the three who met their deaths in the bathtubs. It was claimed that he had two wives before he met and wooed Beatrice Mundy. After this marriage, it was claimed, Smith deserted, taking \$500 of his bride's money. But so great was his fascination that he won her forgiveness. In fact, he succeeded in gaining as a provision that he return to her, a bequest of \$12,500 on her death. Shortly afterward she was found dead in her bathtub, the first of the three victims of the Modern Bluebeard.

The defense set up that Beatrice Mundy suffered a fit and drowned accidentally and was ridiculed by the prosecution. The position in which the body was found was the evidence which the Crown relied on to prove murder.

It was claimed by the prosecution that Smith, after claiming his bequest returned to one of his previous wives, named Pegler. Shortly afterward he met Alice Burnham, a nurse. This girl had saved up a modest sum, \$500, and Smith married her in 1913. It was claimed that he induced her to will her savings to him and to insure her life for \$2,500, in his favor. The Burnham woman was also found dead in her bathtub. Smith collected the insurance and soon afterward married Alice Revall, who is still living. Later on, under the name of John Lloyd, he married Elizabeth Lofly, whose death in the same manner in her bathtub aroused suspicion.

One of the most important arguments used against Smith by the Crown prosecutor was that in each of the deaths, the woman was found in the bathroom of a lodging house, nude and entirely dead, and that in all cases the bathroom door was unlocked. It was inconceivable, claimed the prosecutor, that a modest woman would enter a bathroom in a strange house without locking the door from the inside.

The Local Authorities are expecting to revise their Rural Directory in the near future and would request all patrons to fill out the blanks when they are left by the Carrier for that purpose and return them to him promptly.

HAND BALL AT THE "Y."
 Hand ball is holding full sway at the Y. M. C. A. these days. For the past few weeks the game has been gaining in popularity and a tournament was suggested. Last night the drawings for the tournament were made and the results are as follows: Up De Graff drew Secretary Snyder, Carroll and Vieira, Weir Wood and Johnston, Hunt and Walker, Lemons and Widmayer, and J. Ray Wood vs. D. Boxell. Carroll and Vieira decided to play their games off immediately and Vieira took three games straight without much trouble. The other games will be played as soon as the contestants can get together.

CARD OF THANKS.
 I desire to express through the columns of the Journal my heartfelt thanks to the kind neighbors and friends for their sympathy and assistance through the illness and after the death of my dear husband, also for the beautiful floral offerings which gave proof of the esteem in which he was held. Not the least to be mentioned was the service of Rev. T. H. Marsh, so full of comfort to the aching heart.

TO WORK IN KEOKUK.
 Roy McPherson has gone to Keokuk, Iowa, where he will be employed in the National Refining company's plant. His father A. E. McPherson is manager for the company.

BELLE FOURCHE IRRIGATION
PROJECT IN SOUTH DAKOTA.

United States Makes Land Available
 for Homestead Entry—Lands Reported Very Productive.

Uncle Sam has recently made available for homestead entry what is officially known as the Fourth Unit in the Belle Fourche irrigation project in South Dakota. From time to time for the past several years small areas have been opened to the public in this section and already there is formed a splendid agricultural community as a nucleus for the development of the entire project which will require several months to complete. The present opening is therefore generally regarded as offering an excellent opportunity for the man who wishes to exercise his homestead right and still obtain a desirable and productive tract of land within a few miles of towns where there are modern advantages, such as schools, churches, stores, telephone service and good markets.

The crop returns on the Belle Fourche project have been very good and an encouraging feature of the trend of its development is the increase in stock and the tendency to engage in hogs. Agricultural experts have long pointed out the advantages on this project for hog raising and dairying. With recognized markets for merchantable products and the facilities for producing alfalfa of a fine quality, the settlers seem to have needed this advice and their splendid results are now serving as an impetus for further progress along these lines. Persons who appreciate the desirability of engaging in alfalfa culture, hogs and dairying can find nowhere in the West a section which will offer better facilities for specializing along these lines of endeavor.

The Government announces that the land itself is free and can be obtained only under the homestead law. Provision is made by the Reclamation Service for supplying water at actual cost to each settler and after twenty years' time he is given outright a permanent water right.

That better lands embraced within the public domain are rapidly diminishing seems evident from a statement made relative to this and other districts by Albert V. Leonard, Settlement Agent of the U. S. Reclamation Service at Chicago, who adds that "the Belle Fourche project should attract a desirable element who realize the necessity of securing land as an economic permanency."

WAVERLY.
 P. D. Craven of the south side, threshed a field of oats which averaged 32 bushels per acre.

Mr. Otis Sims and Mrs. Florence Keplinger were married Saturday in St. Louis. The bride is the oldest daughter of Mr. and Mrs. Ben Keplinger and the groom the youngest son of J. J. Sims of Rohrer Chapel neighborhood.

Mrs. C. Doerflinger and daughter, Miss Wilma, are spending the week visiting relatives in Springfield.

Vernon Keplinger and Roscoe Dunst spent a day or two on the Chicago market this week with two loads of cattle and two loads of hogs.

The township high school board of education has rented the store room owned by H. J. Rodgers and recently occupied by D. B. Hart's grocery. The building will be used to house the high school until a new building can be built in accordance with the recent vote in favor of issuing \$40,000 bonds for that purpose.

G. B. Goldsmith is suffering from a badly injured right arm which was burnt by hot solder while repairing a telephone wire.

If the weather is favorable Friday a large delegation will go to Greenfield to boost for the Waverly route for the Springfield division of the Burlington highway.

COLORADO STILL SEETHING
OVER JOHN LAWSON CASE

Labor Leader Convicted of Murder
 Will Have Trial Commence Today.

Trinidad, Colo., Aug. 12.—The stay of sentence for one month granted July 12 to John R. Lawson, the labor leader convicted of murdering a deputy sheriff in the strike riots of 1913, is up today, and unless further stay is granted he must begin his life sentence at hard labor.

The state is still worked up over the case, two factions maintaining opposing stands on its merits. It has been said that the course of Colorado is that it is a coal state, with not enough of a population freed from union influence or coal operator influence to act as a leaven in the industrial struggle that is being fought so bitterly. Educational institutions, judges, county officers, all are alleged to have felt the impress of the contending influences, and the greater part of the population has been swept into the vortex of interests thus set whirling.

Lawson, though refused a new trial, has appealed to the higher courts. He claims that Judge Granby Hillyer, who presided at his trial, was disqualified from acting, having been attorney for the Colorado Fuel and Iron Co., Rockefeller interests, and other coal companies in previous strikes and on account of expressions of hostility toward Lawson, previous to trial. He also claims that the jury was put in charge of bailiffs who were Rockefeller mine guards, and were given improper instructions as requested by the prosecution.

The recent strike is responsible for the fight made to oust Juvenile Court Judge Bob B. Lindsey from office, and then to abolish his court. Lindsey was recently held in contempt of court for concealing a boy's story. He has stated that he knew they were "after his scalp."

Another result is a bill authorizing a committee to stop "the slander of Colorado" and appropriating \$25,000 for that purpose, a threat held over the newspapers, it is said. It is responsible for the breath of scandal that touched the Colorado State University, where it is known former Governor Ammons demanded that Pres. Livingston Farrand discharge a professor for testifying in favor of labor before the U. S. Commission on Industrial Relations.

The strike is also responsible for the inquiry made at Washington by the Industrial Commission relative to the alleged misstatements made in a letter a year ago, signed by Dean Hart of the Episcopal diocese of Denver, President Slocum of the Colorado College at Colorado Springs, and Dean Howe of the Denver University. President Farrand refused to sign the letter, and the other colleges have received \$100,000 each from the general education fund of the Rockefeller Institute, while the University has received nothing.

The trial of Lawson was the first prosecution conducted against union men who were charged with murder and other crimes growing out of the big strike. He is a member of the national executive board of the United Mine Workers. The strike was called for Sept. 23, 1913. On that date thousands of miners laid down their tools. Many moved their effects to a tent colony at Ludlow. Violence began early in the strike. It was in one of the fights at Ludlow before the arrival of the state militia that John Nimmo was killed. Nimmo was one of a force of deputies stationed at Ludlow. On Oct. 25, 1913, a fight started between the deputies and a body of strikers. Nimmo was shot in the leg and bled to death. Lawson was charged with the homicide on the theory that he was in charge of the tent colony and in command of the strikers during the battle.

The recent publication of letters that passed between Colorado and Wall street relative to the strike

For 29 years America's

Don't Suffer With
Chronic Disease
Let Me Cure You

I Will Give Consultation Free at the
 Hotel Dunlap from 9 a. m., Tues.
 day, August 17, until 4 p. m.,
 Wednesday, August 18.

I am having the greatest success with my New Neuropathic System of treating diseases, in the cure of chronic rheumatism, uric acid conditions, kidney and bladder troubles, palpitation, shortness of breath, stomach and liver troubles, constipation, blood and nervous diseases, catarrh, deafness, eye troubles and every curable chronic disease or weakness.

Read what Mrs. Vaughn says of this treatment:

July 15, 1915.
 Dear Doctor:
 I had been suffering with liver and nervous trouble for years and for over a year had had constant sick headaches, palpitation of the heart, shortness of breath, severe pain in my back and was sore all over and tired all the time, and sick at my stomach and my strength was falling rapidly. I had tried many doctors without any benefit and was absolutely discouraged and despaired of ever being cured. When I came to you I did so entirely to please my family as I, myself, no longer had any hope that anyone could cure me, but you seemed to understand my case so thoroughly that I thought I would try you just once more; and I took your treatment and to say that I am glad I am putting it mildly, for I am well again, feel better than I have for years, and my only regret is that I did not come to you long before I did, for I know you could have saved me many months of suffering. I am very thankful for the cure you gave me and will surely and strongly advise any one suffering from chronic troubles to go to you for your treatment was a God send to me, and wishing you the greatest success I am,

Gratefully yours,
 Mrs. C. Vaughn, Mansfield, Ill.

This is another of the many cases that show the great cures I am making with this treatment.

I will give consultation free this trip to all sufferers to demonstrate my new treatment. I want to treat as many people as possible in Jacksonville this trip.

I will be at the Hotel Dunlap from 9 a. m. Tuesday, Aug. 17, to 4 p. m., Wednesday, Aug. 18.

Call at my rooms between 9 and 12; 1 and 5 and 7 and 8.

Dr. Edwin O. Gable

5402 Ingleside Ave., Chicago, Ill.

QUARTERLY COUNT OF MAIL
ON LOCAL RURAL ROUTES

On Eight Routes 78,136 Pieces of
 Mail Was Delivered and Weight
 Was 11,039 Pounds.

The quarterly count of mail on the rural routes out of the Jacksonville Postoffice for the month of July has been tabulated and shows that on the 8 routes there was a total of 78,136 pieces of mail delivered and collected. The weight of this mail was 11,039 pounds, or an average of 7 pieces of mail to the pound.

It is also an interesting fact to note that the first class mail averages 51 pieces to the pound.

The carriers daily traverse 193 1/4 miles of road (which, when compared with the roads when they were first established shows a marked improvement) and in so doing accommodate 1048 different families, or approximately 5,000 people.

Besides the simple delivery and collection of mail on their routes, the Rural carrier must deliver Registered letters, register letters for his patrons, take applications for Money Orders, accept parcels for insurance, also C. O. D. parcels, forwarding mail for patrons that have moved, and also keep a correct directory of the patrons. Verily, on a well established route the Rural carrier is a busy personage.

The writer can well remember in the history of the local office before the establishing of the Rural routes, and when this mail was all delivered through the General Delivery, that a week's mail would be no larger than that now taken out by some of our Rurals in one day. At that time a subscriber to a Daily paper was the exception, now the person who does not receive his daily paper is the exception.

The Local Authorities are expecting to revise their Rural Directory in the near future and would request all patrons to fill out the blanks when they are left by the Carrier for that purpose and return them to him promptly.

Vest Pocket Essays

By GEORGE FITCH

Author of "At Good Old Siwash."

THE GREAT AMERICAN DESERT

George Fitch.

The great American desert was once located west of the Great Salt Lake. But a few years ago it got loose and can now be found in most of the passenger cars in the United States.

This was very unfortunate. No body used to suffer much while crossing the Great American desert, but since the common drinking-cup has come to be looked upon with more alarm to America than the puffed navy, our trains have been full of gasping passengers, looking at full ice-water tanks with helpless woe.

Nothing is so irritating as to perish with thirst in sight of a full water tank because a careful state government has prohibited the common drinking cup in the interests of health.

The common drinking cup undoubtedly aided in the free distribution of microbes among the populace, but the uncommon drinking cup on a hot summer day has spread the cause of anarchy and discontent among the masses who can't afford to hire a Pullman porter to take the common drinking glass out of a

closet in which all the microbes have been smothered.

Still, travelers who have not oiled their throats in order to keep the dust down should not despair. There are many ways of extracting ice-water from a tank on a hot day, even though the common drinking cup may be in the museum along with the clean street and other curiosities.

One can always make a drinking-cup out of an old envelope. An envelope which has hung around a pocket for some weeks picking up acquaintances in the microbes line is several times as nutritious as the common drinking cup and will enable the user to acquire a full assortment of diseases while laughing merrily at the state law.

The shoe is also an excellent drinking glass. Once only champagne was drunk from slippers by the speed limiters class. But nowadays wives and mothers fill slippers in the day coaches of a thousand trains and quaff merrily therefrom.

A man who is an acrobat can drink from a straw hat, and a watch-case has saved many a traveler from season card and blisters. In spite of all these, however, great thirst prevails on the trains of this land and no traveler should venture far without a canteen. The poor emigrant who drank enough out of the Missouri on his way west to last him until he sighted the Colorado has nothing on the modern traveler.

has strengthened the claim of Lawson and his adherents that the strike was managed from New York and that he is a victim of industrial machinations.

BIG YACHT FLEET
AT OSHKOSH.

Oshkosh, Wis., Aug. 12.—Eight days of racing, with fully a hundred cups and prizes, have worked like a charm to bring the best inland yachts to the regatta which opened here today. The Northwestern Regatta and the Inland Lake association have combined in the big event. Over a dozen Class A. boats are entered for the \$1,000 trophy. Chicago, Minneapolis and other inland yacht centers have sent fleets of their best boats.

LOVE LEADS TO GALLOWES
LOS ANGELES, CAL., AUG. 12—

Louis Bundy, who killed a messen-

ger boy in this city, for twenty dollars, with which to buy a present for his sweetheart, will be hanged tomorrow. Governor Johnson gave him a reprieve from June 18 to August 13 in order that he might study the case, on appeal for clemency.

HANGING IN TAMPA.

Tampa, Fla., Aug. 12.—John Wade, a negro, accused of assaulting a white woman of the Lake Fern section in this county, will be hanged tomorrow. His crime was a most brutal one. He attacked the woman near her home, and her little son went to her aid with a shotgun. The boy fired at his mother's assailant, wounding him slightly. The negro then took the gun from the boy and left. Posses scoured the county, and finally located Wade. He was tried and convicted within a week's time.

Read the Journal: 10c a week.

The Judge Says—

Put a package of these real corn flakes—these

New Post Toasties

on trial beside a package of any other corn flakes on the market. The jury will bring in a verdict of "guilty"—guilty of being the finest corn flakes ever made.

The new Post Toasties are crisp and appetizing, with a true corn flavor, and they don't mush down when milk or cream is added.

But here's the real test: Take a handful, fresh from the package; and eat them without cream or milk. Mighty good, aren't they?

Notice the little "puffs" on each flake—a distinguishing characteristic—resulting from the new method of cooking and toasting, which also brings out and enhances the wonderful, true corn flavor.

Your grocer has the New Post Toasties. Try them and bring in your verdict.

CUBS DEFEAT CARDS IN THIRTEEN INNINGS

VICTOR SAIER HELPS CHICAGO TO VICTORY.

Returns to Game After Nursing Injuries For Three Weeks and Scores Fifteen Putouts From the First Sack—Schulte Hits a Homer.

St. Louis, Aug. 12.—Chicago opened its series here with a see-saw contest which it won from St. Louis in the thirteenth inning with a score of 6 to 3.

Victor Saier, who has been nursing injuries for three weeks, returned to the game as a regular today and helped Chicago to victory by securing fifteen putouts from the first sack. Schulte hit a homer.

Hits—Off Vaughn 7 in 7 innings; Humphries 6 in 6 innings; Sallee 6 in 12 innings; Griner 1 in no innings none out in 12th; Robinson 2 in 1. Struck out—By Vaughn 1; by Humphries 3; by Sallee 4. Umpires—Byron and Eason. Time—2:40.

Pittsburgh, 4; New York, 0.
Pittsburgh, Aug. 12.—Pitcher Mammox shut out New York here today, Pittsburgh winning 4 to 0. He allowed the visitors only three hits and one base on balls and drove in two runs himself, one by a sacrifice fly and another on a single off Mathewson who relieved Tesreau in the sixth inning. Score: R. H. E. New York 0 0 0 0 0 0—0 3 0 Pittsburgh 0 2 0 10 10—4 9 0 Tesreau, Mathewson, Ritter and Meyers; Mammox and Gibson.

'MORNING GLANCES' (By Gosh)

Cleveland beat New York yesterday by a score of 6 to 4. Wild Bill Donovan pitched the last two innings for his team and struck out three men. The game already had been lost however. New York made a bid for the game in the eighth when Walker weakened and the Yanks made three runs. Harstad relieved Walker and struck out Alexander, ending the rally.

Boston again won from St. Louis by a score of 4 to 0. It was Foster's second shutout victory during the series. Foster also made two doubles which had to do with the scoring of three of the four runs.

Brooklyn is giving Kansas City an awful trimming at Brooklyn. Yesterday Magee's band took another from Kansas City, winning in twelve innings by a score of 3 to 2. It was a pitchers battle between Main and Marion. Kansas City got two more hits than did Brooklyn but Brooklyn bunched hers and got the bacon.

The Whales nosed out Newark yesterday by a score of 2 to 1. The victory would have put Newark in first place. Leslie Mann won the game for the Whales. His single tied the score in the seventh and his triple and score on Hanford squeeze in the ninth won the game. Both McConnell and Moseley pitched good ball, each allowing seven hits.

The Rooters and Athletics played an exciting game of baseball on the State hospital grounds Thursday afternoon. There seemed to be some dispute as to who won the game and what the score was. The sporting editor finally got hold of the umpire who had the score board and found that the runs showed for the Rooters 22, for the Athletics 31. The batteries were: Rooters—Zell and Zell. Athletics—Gray and Beesley.

Chicago finally nosed St. Louis out at St. Louis after battling for thirteen innings. With the score a tie in that inning the Cubs scored three runs and blanked the Cardinals making the final score 6 to 3. Vic Saier was back in the game after an absence of three weeks on account of injuries and aided materially in the victory with his fielding. He also scored a run and made a three bagger.

SHOOT AT PARK.

A shoot will be held this afternoon by the Nichols Park Gun club at the club grounds.

CLEVELAND EVENS' SERIES WITH YANKS BY TAKING FOURTH GAME

Walker Pitches Well Until Eighth Inning When He Weakens—Foster Blanks St. Louis.

New York, Aug. 12.—Cleveland evened the series with New York today by winning the fourth game 6 to 4. Donovan in the last two innings struck out three men. Walker pitched well until the eighth when he weakened. Harstad checked a rally by striking out Alexander.

Score: R. H. E. Cleveland 102 210 000—6 13 2 New York 000 000 130—4 10 3 Walker, Harstad and Egan; Warhop, Shawkey, Donovan and Alexander.

Boston, 4; St. Louis, 0.
Boston, Aug. 12.—Foster shut out St. Louis for the second time today in the six game series, the Red Sox scoring four runs. He also was a factor in the locals offense, his two doubles figuring in three runs.

Score: R. H. E. St. Louis 000 000 000—0 5 1 Boston 000 120 01x—4 8 1 Wellman and Agnew; Foster and Cady.

REAL ESTATE TO BE SOLD.
Public notice is hereby given that the undersigned are empowered by the will of David Winter, deceased, to sell and convey the following described real estate to-wit: The west half of the northwest quarter, of section sixteen (16) and the west half of the southwest quarter of section nine (9), all in township fourteen (14) north and range ten (10) west of the third principal meridian, in Morgan county, state of Illinois, and we are ready to negotiate with proposed purchasers.

Thomas Simpkins, John D. Hembrough, Executors.

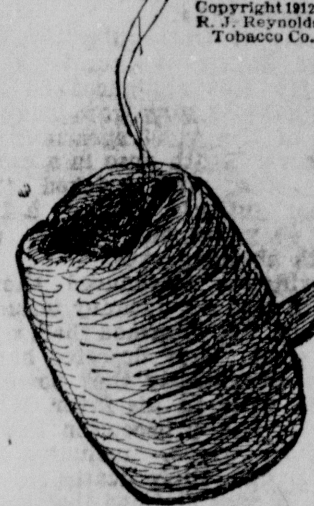

REGATTA OPENS TODAY.
Springfield, Mass., Aug. 12.—One hundred of the fastest oarsmen in this country and Canada arrived here today for the forty-third annual regatta of the Amateur association of the United States. Fourteen events will be rowed on the Connecticut river four miles below the city during the next two days with seven races each day.

Listen!

Get this for what ails you!

JUST about as soon as you get next and try Prince Albert tobacco you'll wise right up that it was made for your taste! And that's no idle dream!

Line up in the row with other men; then you'll sure enough wake up to some pipe and cigarette makin's facts! It's this way: Costs you a dime for a tidy

Copyright 1915, R. J. Reynolds Tobacco Co.

PRINCE ALBERT

the national joy smoke

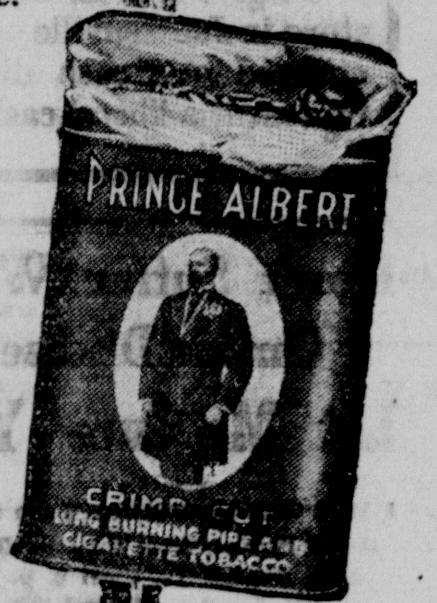

Puts the half-Nelson on all pipe and cigarette grouches because it can't bite tongues and can't parch throats. And you prove our say-so! P. A. is made by a patented process that cuts out the bite and the parch. This patented process is controlled exclusively by us. Remember that when you hear some of that "as good as P. A." stuff!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

red tin of P. A. that'll prove in jig time that you never did get such flavor and fragrance, whether you hit a jimmy pipe or roll up a delightful makin's cigarette.

Right off the bat you'll get mighty happy if you'll go to Prince Albert like you're on the trail of a best bet. For you never will get honest and true tobacco satisfaction till you get chummy with Prince Albert—the national joy smoke!

Sold everywhere in tippy red bags, 5c; tidy red tins, 10c; also in pound and half-pound humidor.

Selling Out

Everything in my store will be sold at HALF PRICE. Stoves, Rockers, Tables, Dressers, Beds, Cabinets, Stands, Tubs, Clothing: everything must go this month

Jacksonville

Story's Exchange

Our first Offer this Season

NO. 1.—One hundred sixty acres, about 10 miles from Jacksonville, and within 3 miles of three shipping points. Land mostly black prairie soil, level to gently rolling, with good two-story house, good barn, corn cribs, log house, etc. Lot new woven wire fence.

We can sell this land up to July 20, at \$160 per acre, and give 40 acres of heavy wheat, now in the shock, with the farm and turn over the notes for the rent on the balance of the farm, amounting to nearly \$300.

You can do it now, but you must do it now.

EASY TERMS—WE ARE GOING TO SELL IT.

NO. 2.—A little less than 80 acres, two miles from the square, with cottage, horse barn, cow barn, corn cribs, and fine orchard, for sale with all the growing crops; immediate possession of all land, and on easy terms. \$250 per acre.

Now, for the real home seeker. Will take smaller tract near town in exchange.

ADMINISTRATOR'S NOTICE.

Estate of Michael Wilbert, deceased.

The undersigned having been appointed administratrix of the estate of Michael Wilbert, late of the county of Morgan and state of Illinois, hereby gives notice that she will appear before the county court of Morgan county, at the court house in Jacksonville, at the October term, on the first Monday in October next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 28th day of July, A. D., 1915.

Effie Wilbert Joyce, Administratrix.

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Veget-
etable Compound Carried
Her Safely Through
Change of Life.

Cedar Rapids, Iowa.—"At the Change
of Life the doctor said I would have to
give up my work and
take my bed for
some time as there
was no help for me
but to lie still. I
took Lydia E. Pink-
ham's Vegetable
Compound and kept
up my work and
now I am over the
Change and that is
all I took. It was
better for me than
all the doctor's medicines I tried. Many
people have no faith in patent medicines
but I know this is good."—Mrs. E. J.
RICKETS, 354 8th Avenue, West, Cedar
Rapids, Iowa.

Such warning symptoms as sense of
suffocation, hot flashes, headaches, back-
aches, dizziness, palpitation of the
heart, sparks before the eyes, irregu-
larities, constipation, variable appetite,
weakness and inquietude, and dizziness,
are promptly heeded by intelligent women
who are approaching the period in
life when woman's great change may
be expected.

Lydia E. Pinkham's Vegetable Com-
pound invigorates and strengthens the
female organism and builds up the weak-
ened nervous system. It has carried
many women safely through this crisis.

If there are any complications
you don't understand write Lydia
E. Pinkham Medicine Co. (confi-
dential) Lynn, Mass.

DON'T USE SOAP ON YOUR HAIR

When you wash your hair, don't use
soap. Most soaps and prepared shamp-
oos contain too much alkali, which
is very injurious, as it dries the scalp
and makes the hair brittle.

The best thing to use is just plain
mulsified coconut oil, for this is pure
and entirely greaseless. It is very
cheap, and beats soap or anything
else all to pieces. You can get this at
any drug store, and a few ounces will
last the whole family for months.

Simply moisten the hair with water
and rub it in, about a teaspoonful is
all that is required. It makes an
abundance of rich, creamy lather,
cleanses thoroughly, and rinses out
easily. The hair dries quickly and
evenly, and is soft, fresh looking,
bright, fluffy, wavy, and easy to
handle. Besides, it loosens and takes
out every particle of dust, dirt and
dandruff.

A Bald Head Only Indicates
that the scalp has been neglected. We
recommend that you use

Rexall "93" Hair Tonic

Kills the germ that causes the hair to
fall out and will keep the scalp healthy.

Lee P. Allcott.

REGISTERED NAMES AT THE PHYSICIANS' PICNIC.

The following are the names of
those who registered at the picnic
given Thursday at the farm home of
Dr. C. E. Black:

Ashland—W. S. Taylor ad wife.
Alexander—W. H. Schott ad fam-
ily.

Arenzville—Mrs. J. M. Swope, J.
M. Swope.
Auburn—S. P. Hart and family,
Lillian Hart, Arthur Brittin and
wife.

Athens—Zepha E. Mudd, Jo-
sephine Mudd, Leo Mudd, Marcella
Mudd, F. P. Hill and family, Frank
Moore, Laura E. Mott, Mrs. N. Mc-
Murray, J. H. Boyd.

Bluffs—C. A. Evans.

Jones and wife, Paul and Martha
Jones.

STOP SCALP ITCH AND FALLING HAIR

People whose hair looks dull and
lifeless and who find it growing dry,
brittle, splitting at ends and coming
out fast at every combing need a
genuine scalp invigorator and should
get one without a day's delay. A
little Parisian Sage rubbed briskly
into the scalp with the finger tips
twice daily will work wonders for
hair of this kind. Just a few days'
use and the hair becomes glossy and
healthy looking, dandruff vanishes,
scalp stops itching and hair stops
falling out. Parisian Sage is more
than a hair tonic. It is a scalp treat-
ment and its use means strong, beau-
tiful hair and a healthy scalp. Cov-
er & Shreve and leading druggists
everywhere sell Parisian Sage. It is
not expensive.—Adv.

RESIGNS POSITION.

Mrs. Marcus L. Robinson who has
been employed in the millinery de-
partment of Waddell and company,
has resigned.

CAPT. MYRON H. LAMB ANSWERS LAST ROLL CALL

Officer of the Civil War and Long
Time Resident of Chapin Dies at
Old Soldiers' Home, Was Pension
Agent in Jacksonville For Several
Years.

Capt. Myron H. Lamb, the well-
known Civil war pension agent in
this city, has been summoned by
death and has answered his last
roll call on earth. His death occur-
ed at 7 o'clock Wednesday in the
hospital at the Soldiers' home in
Quincy. Capt. Lamb has for several
months been gradually failing, and
about a week since he had a stroke
of apoplexy while on the porch at
his home in Chapin, and fell to the
ground in an unconscious condition.
He was revived and taken on a cot
to the hospital in Quincy where his
life came to a close.

His death was due to a complica-
tion of infirmities which are in-
cident to those of advanced years. His
hearing and sight were deficient and
it was an effort for him to walk. He
was a familiar figure on the streets
of Jacksonville where he came every
week to attend to the business of his
office in the Unity building.

Myron H. Lamb was the second
child of six born to William Lamb
and Almira (McWharf) Lamb at
their home in Rose, Wayne county,
N. Y. He was born Oct. 1, 1836 and
at the time of his demise had attained
the age of 78 years, 10 months
and 9 days. His literary education
was obtained in the schools in north-
ern New York, and he was for some
years engaged in teaching school.
Later on he was employed by a nur-
sery company in his native state to
solicit business for them and it was
while thus engaged that he came
west, and made his home. He was
for a number of years traveling rep-
resentative for the dry goods house
of Samuel C. Davis, in St. Louis. He
enlisted Sept. 2, 1862, in Company
E, 191st regiment Illinois volunteer
infantry, and was for a year 1st
lieutenant, but on Dec. 25, 1863,
was promoted to captain of the com-
pany. He was with the regiment
through the war and was mustered
out in Washington, D. C., Jan. 7,
1865.

Capt. Lamb was married Nov. 23,
1862, to Miss Louise E. Taylor, of

PEORIA WOMAN TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria,
suffered torture from indigestion, gas,
belching and other symptoms of stom-
ach trouble. She spent large sums of
money for doctors' advice and medi-
cine. Still her condition did not im-
prove. She found relief, wonderful,
surprising relief in a drug store win-
dow. This is her story, as she tells it:

"I suffered so from distention and
colicky pains that at times I was com-
pletely incapacitated for my house-
hold work. I saw a window display
of Mayr's Wonderful Remedy and de-
cided to purchase a bottle, which I
did. I have taken only one bot-
tle and the results have been really
wonderful. I have not had a pain in
my stomach since, and let me say
that for the first time in many, many
months, two days following I have had
a natural movement of the bowels. I
feel I cannot say enough for the re-
markable virtues of your remedy."

Mayr's Wonderful Remedy gives per-
manent results for stomach, liver and
intestinal ailments. Eat as much and
whatever you like. No more distress
after eating, pressure of gas in the
stomach and around the heart. Get one
bottle of your druggist now and try it
on an absolute guarantee—if not satis-
factory money will be returned.

Capt. Lamb was a member of the
Christian church in Chapin. Matt
Starr post No. 378 G. A. R. and of
Hardin lodge No. 44 A. F. & A. Ma-
sons. For 26 years he has maintained
an office in Jacksonville where he
has obtained pensions for several
thousand ex-soldiers and widows of
the Civil war, his assistant has from
the first been Lewis J. Simms, who
is familiar with the details of the
office and will continue the business.

The funeral will take place from
the Christian church in Chapin Fri-
day afternoon at 2:30 o'clock. In
charge of Rev. Mr. Hougham. Burial
will be made in Jordan cemetery.

BATH FISH FRY.
The village of Bath is having a
three days fish fry and the C. P. &
St. L. road will run a special train
for the accommodation of those who
may wish to attend. Train leaves
here at 6 p. m. and returning ar-
rives at about midnight today and
Saturday.

COKE USERS NOTICE

Less than a month now remains in which to contract
for your winter supply of Genuine Gas House Coke at
Summer Prices.

Last winter we sold nearly twice as much coke
for domestic fuel as we did the winter before, and
feel that this is the strongest support we can have
to our contention that coke is the ideal fuel for
domestic use. Ask anyone who has learned
"the secret" of burning Genuine Gas House Coke
and you will always find that they prefer it to
any other fuel. Try it yourself and see why?
Coke is clean and practically smokeless.

Place your order now to fill your bins. Phone us,
write us---better still come in and talk with us.

Efficient Housekeeping

BY HENRIETTA D. GRAUEL.

THE BLACKBERRY SEASON

"Can she bake a cherry pie?" is
not the question hungry swains ask
about their sweethearts this month,
but, "Will she make a blackberry
pastry, rolls, dumplings and short-
cake?"

The following recipes should
please the most capricious diner.

Blackberry Custard—Arrange
layers of berries and sugar in a
baking-dish and pour this mixture
over them: One-half cup of sweet
milk containing one tablespoon of
cornstarch; two tablespoons of su-
gar and the whites of two eggs beat-
en stiff.

Bake this until the custard is
firm and the top of the pudding a
golden brown. The oven must not
be very hot or the egg whites will
not puff nicely. Eat with powdered
sugar and cream.

Blackberry Shortcake—Sift
sift again three cups of flour, three
teaspoons of baking powder and
three tablespoons of sugar. Rub
two tablespoons of shortening and
half a teaspoon of salt into this and
add enough milk to make a soft
dough. Drop this into buttered
pans and pat this smooth with a
spoon.

Bake in a quick oven as with bis-
cuits. When done and somewhat
cool split the layers and butter them
fill with sugared blackberries. Put
berries and sugar over the top.
Serve with a spiced sweet sauce.

Blackberry Pudding—Make a
pudding batter with one beaten egg,
one cup of sugar, two tablespoons
of softened butter, one cup of milk
and two cups of flour containing
two teaspoons of baking powder.

Beat this well and add blackber-
ries to it. Bake and serve it in a
deep pudding dish. This is the old
New England recipe.

One of our best summer pies is
made by using two-thirds blueber-
ries and one-third blackberries.

**Blackberry Cordial for the In-
valid**—Warm and squeeze the juice
and to each pint add one pint of
sugar, one teaspoon of cinnamon
and one of cloves and a scant half-
teaspoon of mace. The spice pre-
vents the juice from spoiling. Boil
the fifteen minutes, strain and boil
five minutes longer and bottle. Seal
and keep in a dark place.

Two or three tablespoonsful of
this will check any attack of sum-
mer complaint, and it is a whole-
some tonic.

PHYSICIANS PAID HONOR TO DR. CRILE

(Continued on Page 5.)

tion which has come about and the prevalence of goiters means that man has not fully adapted himself to his surroundings. We know that goiters come more frequently to women than to men, and particularly to young girls, and that the disease may be said to be limited to certain cycles of time.

Where Goiters Occur. "Many applicants for relief from goiter are actuated only by a desire to remove the deformity. In many cases the goiter does not seem to affect the general health, but in each case it is a serious matter because the thyroid may develop into the exophthalmic goiter. I have found in 1299 operations for goiter that in at least four per cent. than cancer formed the basis of the disease. The concern for us, since we know that the goiter exists so prevalently, is what is the answer. I may say that even our present knowledge gives hope that this disease can be successfully combated. We know that in the history of man there is evidence of the same chemical formula as in sea water. The goiter is possible not because man has changed but because the crust of the earth has gone through certain changes. Cases I have said do not occur in the territory along the seashores and we believe that salts and iodine and the which are in the sea have all been swept from the land. So we argue that in the territory away from the seashore and along our inland waters that certain chemicals are lacking which abound in the sea.

"There is a trace of iodine in all food properties and the function of the thyroid gland seems to be the storage or production of iodine. It transmits iodine to the rest of the system. Sea water in a large degree contains iodine and from extensive research work along this line we have come to believe that the thyroid gland becomes enlarged because of a lack of iodine. It has been found that in certain animals where whole groups have goiters that if the young are taken and injections of iodine given that they do not develop goiters. Because the salts have been washed from our inland territory out to the seas we give table salt to man. It has been shown that iodine given to children will prevent the enlargement of the thyroid gland and the same is true of women under certain conditions. We believe that research work which is now in progress will show a little later that the food supply along the seashore has more of iodine in it than is true of that inland or along the fresh water ways, and if this information proves true, we believe the question will be settled.

The Use of Iodine. "But while we may add salt to a man's system in many simple ways, the giving of iodine is a much more serious matter. Iodine has an effect on one's nerves and drives the one who takes it with more than normal rapidity. So it happens that if iodine is given to a patient with a thyroid goiter under certain conditions this may cause an exophthalmic goiter. The goiter of this class as we have said occurs much more frequently in women than men and often it may be traced to some long emotional strain where overwork, fear and worry have had part. Or it may be caused from chronic infection or from auto-intoxication. In the treatment of goiter it has been interesting to note the close resemblance in many symptoms between it and tuberculosis. Fever, loss of weight, tremors, pink lips, loss of power, querulousness, emotionalism, characterize persons who are tubercular and those who have exophthalmic goiters.

"We find in examining into causes that chronic tonsillitis is a frequent cause. In many cases the physician by delving into the life and emotions of the patient can remedy the trouble simply by a little advice. In young girls the cause is often overwork in school. First of all rest is the cure. The person who has a goiter is on a tremendous strain and nerves are on a tension. To express it we might say that a woman under ordinary circumstances has her nerves in one per cent. condition and that the woman with a goiter has nerves at one-tenth-thousandths condition. It taxes all the skill to bring about the rest that is needed in such a case, and I have often thought that if a patient with a goiter could simply hibernate as some of the animals do for a period of six months that the cure would be certain.

The Rest Cure. "The rest must extend through a long period and one cannot certainly measure it with accuracy. Often goiter has developed because of some great sorrow or bereavement through which the person has passed, and the recovery will likely take a period just as long. When you have proven that the goiter cannot be cured by rest then is the time for the work of the surgeon. There is hope for all cases unless so far advanced that the heart muscles and the brain cells are largely gone. The operation is the removal of a portion of the gland and each case can be cured or at least made greatly better. It was formerly the custom for the operator to see only the surgical lesion and not the patient, but later we found that the cure did not come from the operation only and some knowledge of the patient was advisable. In operating one of the most important things is to have the mind in such a state, the arrangements for the anesthesia such that there is absolutely no shock to the nervous system of the patient. The best results are obtained when no impulse resulting from the knife is carried to the brain.

The speaker discussed to some extent more technical phases of the question and then various physicians were called upon to take part in the discussion. Dr. C. E. Black referred to the speaker as one of the masters of medicine and surgery and said the statement measured his attainments

correctly, that no man has done more for medicine and surgery. Other physicians who spoke were Dr. C. W. Collins, of Peoria, Dr. Perry, of Galesburg, Dr. Munson, of Springfield, Dr. E. Mammor, of Bloomington, Dr. Don Deal, of Springfield, Dr. Brittain, Athens, Dr. F. P. Norbury, Springfield, Dr. C. L. Patton, Springfield, Dr. Edward Bowe, Jacksonville, Dr. Sliam, Bloomington, Dr. T. J. Pitner, Jacksonville.

At the close of the session Dr. Crile talked of his European experiences in a most impressive way. Some paragraphs from his remarks appear on page two of this issue.

In preparing for the picnic the committees and Dr. Black spared no efforts. The road map prepared for auto drivers greatly increased the attendance. As a convenience to those who attended auto service had been placed in the hands of L. P. O'Donnell and catering in charge of the Peacock Inn.

The names appearing on the register are printed on page ten.

CHARLES E. HENRY DIES SUDDENLY AT HOME IN WOODSON

Succumbs to Attack of Acute Indigestion and Heart Failure, Coroner Holds Inquest.—Funeral Sunday at 2 p.m.

Charles E. Henry, a well known resident of Woodson, died suddenly at his home near that village early Thursday morning. Mr. Henry had been in poor health for some time. His death was such that it was deemed best to hold an inquest. Coroner George W. Wright was notified and empaneled the following jury: Thomas Irlam, foreman, S. J. Baxter, clerk, J. W. McAllister, George Newman, William E. McCurley and C. C. Self.

The testimony of Mrs. Charles E. Henry, Dr. R. R. Jones and S. W. Henry was heard. According to the testimony Charles E. Henry had been afflicted with heart trouble for some time. However, no physician had been called. After retiring Wednesday evening Mr. Henry was restless and complained of some pain. About 3 o'clock Thursday morning he went to the telephone and called his brother, Samuel W. Henry. When his brother answered the telephone he said, "For God's sake get a doctor quick. I am very sick. This pain is killing me." S. W. Henry said he then heard a sound as though someone had fallen. He called Dr. Jones and told him to go at once to Charles E. Henry's residence. Mr. Henry also went to his brother's home. When he reached the house he found his brother's body lying on the floor and Dr. Jones examining it. Dr. Jones, who had been Mr. Henry's doctor for some time, and knew his condition, gave as his opinion that death was caused by heart failure caused by acute indigestion. The jury after hearing the evidence rendered a verdict in accordance with the facts.

Charles Henry was the son of Jesse and Martha McConnell Henry and was born just south of Woodson, April 22, 1844. His whole life has been spent in that community, the place where he died being less than a mile from his birthplace. His parents were both natives of Kentucky but came to Illinois in the early days.

Dec. 3, 1867, Mr. Henry was united in marriage to Miss Susan Ferguson of Woodson. He is survived by his wife and the following children: E. E. Henry, John W. Henry, Mrs. Laura B. Green, J. L. Henry, F. A. Henry and Mrs. Lucy H. Ransdell. There also survive the following brothers and sisters, W. D. Henry, John R. Henry, Mrs. Margaret Wright, Samuel W. Henry and Mrs. Lucy Grunder.

Deceased was prominently identified with the farming and stock raising interests of the county. Especially did he give his attention to the raising of stock. For a number of years he was associated with his sons in a live stock commission firm, at the National stock yards in East St. Louis, the firm name being Charles E. Henry & Sons. He had large land holdings in several states and was accounted one of the substantial farmers of the county.

Mr. Henry was a veteran of the Civil war having enlisted in Company C, 145th regiment Illinois volunteer infantry. He was a member of Matt Starr post G. A. R.

The death of Mr. Henry removes a man widely known in Morgan and adjoining counties. He was active in business and a man who successfully managed large affairs. His was a strong and forceful character and he was ready to follow in the pathway he deemed right no matter what the discouragements or inconveniences. Mr. Henry was generous hearted in many ways and through the years formed friendships of the enduring kind.

Members of the G. A. R. will attend the funeral, which will be held Sunday afternoon at 2 o'clock at the family residence, one-half mile south of Woodson. The Rev. G. W. Miller, of Woodson, will be in charge.

Get one of those \$1 chauffeur tickets while you can. The Journal office will supply you.

ATTENDING CONVENTION. H. B. Jaeger and Leon Jaeger are spending the week in Chicago, attending a meeting of the National Barber Supply association.

ICE CREAM SOCIAL. Members of the Domestic circle of the Pastor's Aid society of First Baptist church were hostesses Thursday evening at a pleasant social on the lawn of the church. Ice cream and cake were served.

CARD OF THANKS. For the unbounded kindness and sympathy shown us during the illness and after the death of our father, Dr. George F. Harris, we express our heartfelt thanks. The Sons.

BIRTH RECORD. Born—Thursday to Mr. and Mrs. Walter Bellatti, a son.

"INSPECTOR" CLARK ARRESTED IN ASHLAND

WAS BROUGHT TO CITY BY
SHERIFF THURSDAY.

Man Who Posed as Inspector for State Institutions and Left Suddenly Leaving Many Bills Located and Landed in Jail Here.

Dr. H. C. Clark is back in Jacksonville and is inspecting the county jail on South Main street. The only trouble is that the doctor's inspection is under forced orders, there being a warrant sworn out by S. M. Campbell of the Pacific Hotel charging him with jumping a board bill. Dr. Clark was located in Ashland and the authorities of that place notified Mr. Campbell who swore out the warrant. Sheriff Graff accompanied by Mr. Campbell and John Cain went to Ashland Thursday afternoon in the sheriff's car and brought Clark here. Sheriff Graff said Clark had rented a room and had a lot of upholstering goods and evidently was going to start in the upholstering business.

Clark, it will be remembered came here several weeks ago and registered at the Pacific hotel. He presented a letter to assistant manager George W. Scott, purporting to be from Fred Whipp, fiscal supervisor of the state board of administration. Dr. Clark told a reporter for the Journal that it was his business to inspect all charitable institutions, jails, city prisons and almshouses and make recommendations for sanitary betterment. He remained here several days. During that time he became indebted for a board bill as well as touching Landlord Campbell for some change. Then he disappeared and it was thought he was gone for good. He was heard from a few days later working the same racket. This was out in Iowa. Today he was located in Ashland.

Clark is a small man and looks to be anything else but a doctor. He is so meek and innocent looking that it probably made his graft work all the easier. Sheriff Graff probably will give him an opportunity to make a minute inspection of the county jail and then see what recommendations he has to make for its sanitary improvement.

**WINCHESTER M. F. CHURCH HOLDS
FOURTEENTH ANNUAL BURGEO**

Picnic Thursday at Monument Park Was Well Attended—Other Notes of Winchester and Vicinity.

A large number assembled Thursday in Winchester to attend the fourteenth annual burgeo picnic of the Methodist church at Monument park and the event in all respects proved successful. The Winchester orchestra furnished music for the crowds throughout afternoon and evening. Stands were erected for fruit, ice cream and cake, pop corn and peanuts and each booth was decorated in handsome manner. Among the prizes, several were offered for cakes and the winners on this portion of the display and the varieties entered were:

Sunshine cake—Mrs. C. W. Banes.
Cocoanut—Miss Louise Townsend.
Cocoanut cream—Miss Kate Rought.
Angel food—Mrs. Charles T. O'Donnell.
Chocolate—Mrs. William Wainwright.
Marble cake—Mrs. Curtis Carey.
Devil's food—Mrs. James Woodall.
Orange cake—Mrs. Edward Frost.
Spice cake—Mrs. Olive Woodall.
Caramel—Miss Lucille North.
Sweepstakes prize—Mrs. William Wainwright.

Best bread—Mrs. Angie Moore.
Best rolls—Mrs. Herbert Dill.
Much amusement was furnished by the program of contests carried out in the course of the day. Dr. and Mrs. Rufus Coultas, who accompanied by Miss Mary Coultas, expect to leave today for their home in Mattoon, won the prize for auto coming the longest distance to attend the picnic.

Personal News Notes.
Dr. Edward Canatsey and family of Bluffs, were among visitors in Winchester Thursday.
Miss Ethel Rickart, of White Hall, is visiting Miss Louise Frost.
George Sybrant, of Rock Island, is a guest of Henry Higgins and family.

Mr. and Mrs. George Hardwick, of Merritt, were among Thursday visitors here.

Miss Cecil Wallace returned Wednesday from a visit in Greenville, Ill., Garland and Keokuk, Ia.

The Rev. W. W. Theobald and family of Jacksonville, were here to attend the Methodist picnic Thursday.

NOTICE.
FRIDAY AND SATURDAY WE WILL CLOSE OUT THE REMAINDER OF OUR WHITE AND COLORED VOILE AND LINGERIE DRESSES FOR \$2.95 AND \$3.95, ALL \$7.50 AND \$8.50 VALUES.
J. HERMAN.

CONTRACTOR'S WIFE DEAD.
Geo. H. Vannier and Clark P. Taylor went to Clayton Thursday to attend the funeral of Mrs. Eliza Weaver, wife of Fred Weaver, who was the contractor for the Exeter bridge and who is well known all over this county where he has been erecting cement bridges. Mr. and Mrs. Weaver were married last February and her sudden death was a severe blow to the young husband. The sympathy of all are with him during his great bereavement.—Bluffs Times.

TO VISIT IN COLORADO.
Mrs. William C. Cole and daughter, Miss Stella Cole, expected to leave today for the Colorado mountains where they will spend the next six weeks.

DEATH CALLS CHILD

EARLY THURSDAY MORNING

Inquest Held Over the Eleven Months Old Baby of Mr. and Mrs. Elmer Nunes.

Josephine Nunes, the 11 months old child of Mr. and Mrs. Elmer Nunes, of 760 West Railroad street, died early Thursday morning. There was no physician in attendance and it was deemed best to hold an inquest. Coroner Wright empaneled the following jury:

Walter N. Smith, foreman; John W. Priest, clerk; J. H. Hammond, Leonard Fanning, L. V. Seymour, T. C. Patton. The testimony of the parents was taken and the verdict rendered as follows:

"We, the jurors sworn to enquire into the death of Josephine Nunes on oath do find that she came to her death as a result of decline and mal-nutrition due in part to bronchitis."

ATTENTION.
FOR EARLY BUYERS AND TO START OUR FALL SUIT SELLING WE OFFER A DISCOUNT FOR CASH SALES ON ALL NEW FALL GARMENTS. COME NOW, MAKE YOUR ELECTIONS AND SAVE THE PRICE OF A GOOD HAT.
J. HERMAN.

WANT TO KEEP PASTOR.

The Rev. H. G. Schwagmeyer, who has been Pastor of the Neelyville Lutheran church for the past twenty-one years, had a call from a congregation at St. Paul, Ill. Last Sunday afternoon the members of the Neelyville church held a meeting to consider the call and the arguments brought forth by the St. Paul church. After a discussion of two and a half hours it was unanimously resolved not to release Rev. Schwagmeyer and so the call was returned to the St. Paul church.—Bluffs Times.

CHAMBERLAIN BELK WEDS.

Chamberlain Belk of this place, and a Mrs. Allen of Virden, were married in Springfield Thursday. The groom is a veteran of the Civil war. The bride is a keeper of a boarding house in Virden and they will make their home there. Mr. Belk was over for the picnic yesterday and received the congratulations of many of his friends.—Franklin Times.

Nice fresh sweet cider only 20c a gallon delivered. Cannon Bros.

ON CAMPING TRIP.

Mr. and Mrs. Robert Trip, Mr. and Mrs. E. H. Doolin and cousin Clara Doolin, left Thursday morning for a week's visit at Quiver Beach. William R. Rook and sister Clara and friend Frances Graubner expect to join them Sunday.

CHICKEN FRY SUPPER BY LADIES

AID SOCIETY OF WOODSON

Organization of Christian Church Feeds Large Number in Annual Event—List of Committees in Charge.

The Ladies Aid Society of the Christian church of Woodson gave a very successful chicken fry supper last night on the church lawn. There was an unusually large crowd present including many from Jacksonville. Spencer Carpenter certainly did a splendid job in frying the chicken and many compliments were passed upon the excellence of the menu served. 170 chickens were used and everything was sold out.

The following were the various committees in charge:

General arrangements—R. D. Megginson, Jesse White, Nellis Crane, J. T. Self, Edward Gallagher, Mrs. Alice Harney and Mrs. Ida Whitlock.

Table committee—Mrs. Edward Gallagher, Mrs. William Craig, Mrs. Horace Wyatt, Mrs. Alice Harney, Mrs. John R. Henry and Mrs. John Lewis.

Ice cream—Mrs. Clifton Smith, Miss Zella Crain and Mrs. Frances McKean.

Kitchen—Mrs. Amos Megginson, Mrs. Dallas Crain, Mrs. George Newman, Mrs. William White, Mrs. Jesse White and Maurice Seymour.

The following are the officers of the society:

WILL BOX AGAINST

JIMMIE REGAN.

"Al" Baldwin has made arrangements for a boxing match against Jimmie Regan of San Francisco in Kansas City the evening of Labor Day. Baldwin expects to start training next week. Regan has quite a string of victories and a fast bout is expected.

COLLIER'S WEEKLY MAN

WILL BE BROUGHT HERE

Frank J. Berkley Arrested in Peoria for Jumping Board Bill at Pacific Hotel.

S. M. Campbell swore out a warrant Thursday afternoon for Frank J. Berkley charging him with jumping a board bill. Berkley is a representative of Colliers Weekly and has been in Jacksonville for several weeks. He is a man of pleasing appearance and an excellent salesman. It is probable that he sold more books and papers than any agent that ever visited the city. Berkley was arrested in Peoria and Deputy Sheriff Wannamaker will go to that city after him today.

According to Mr. Campbell Berkley has been stopping at the hotel ever since he came to town. Mr. Campbell says he has done very little work since July 4. Mr. Campbell says that in addition to his board he loaned Berkley money and that he is indebted to him for about \$75. Berkley made many friends while here and they hope that he will be able to square accounts and get on his feet again.

REAL ESTATE SALE.

Forty acres, 5-1-2 miles west of town, known as Tichenor Fruit Farm, to be sold court house, Sat., Aug. 14.

WILL TALK OF PLANT LIFE.

Everyone who grows plants or is interested in plant life has heard of the wonderful work of Luther Burbank in improving and breeding plants. Burbank cannot find time for lectures but a co-worker, Henry A. Audrain, tells in a vivid manner of Burbank's work and adds to the interest of his lecture by the use of rare specimens of new creations of plant life from the Burbank gardens. Everyone, grown-ups and boys and girls should hear "The Transformation of Flower and Fruit", Saturday afternoon, August 28, at the Jacksonville chautauqua.

Brooklyn church chicken fry this evening, 5 to 8 o'clock. Fine chicken dinner, 35c.

PREPARE FOR WAVERLY'S

NEW SCHOOL BUILDING.

At a session of the Board of Education at Waverly held Thursday the contract for the plans was let to Deal & Givvel, architects, with offices in Bloomington. The intention is to push forward the building work just as rapidly as possible.

LEFT FOR CHICAGO TRIP.

Misses Millicent Rowe, Lillian Davis and Alice Hastings and Richard Rowe left for Chicago yesterday in the Rowe car. After a brief visit there they will motor to Castle Park, Mich. to spend Sunday with friends.
